Steve Weakley, hoping to score, sends a cloud of dust between 3rd base and home plate, as batter, Mitch Eggleston swings and misses. Appomattox had bases loaded in bottom of first inning against William Campbell, but failed to score.

Connie Murray, (30), looks on after scoring from 2nd base on Maryjane Smith's homer against Gretna. Maryjane is shown crossing plate as Gretna's catcher waits for hard hit ball to be retrieved.

Pictured above is Jay Evans with his E/Stock Triumph Drag Racing Motorcycle. Jay has won almost every event entered in the past year. He is sponsored by Neighbors Bros. Heating and Air Conditioning Co. of Appomattox.

Local County Man Top Drag Racer

When asked how did he go about getting involved in a sport like Drag Racing Evans said it's a long story, I guess it all started when I was about 14 years old. I got my hands on a 65 c. c. Harley Davidson and learned to ride. After many Lacerations and Abrasions, the only thing I could see to do was to try to figure out how to make it go faster.

After the Harley finally laid down and died, bigger and faster dirt bikes were the only way to go, so I ended up Motocross racing. Motocross is simply going as fast as possible around a closed course with a lot of jumps, bumps and turns with about 30 other racers, one mistake and the guy behind you will be using your back for traction. After about 3 years of Motocross racing I decided it was time to get out, seeing how 13 year old kids were passing me the only thing left to do was to try some stunt riding. I went out and laid down $1300.00 for a new bike, and started practicing wheel stands and long distance jumps. After a lot of letter writing, knocking on doors, and telephone calls I finally came up with a paying customer. Bennies Mobil Homes contracted my services to do a jump across a Mobile Home for their grand opening.

About a week before the big jump I decided I had better practice a little. I built a take off ramp 45 feet long and 12 feet high and had no landing ramp. I soon found out the ramp angle was all wrong because after that practice jump I ended up with a bent frame, two bent wheels, bent handle bars, bent foot pegs, a flat tire and a broken nose. On top of all that I ended up going to the hospital for some stitches. The Doc. asked me how did I break my nose, so I told him I was practicing jumping a motorcycle over a Mobile Home. It took a lot of fast talking to keep from being detained in the Psychiatray Ward.

After a week of hard work repairing the bike and building new ramps, I made the jump successfully. This would mark the end of my dare devil stunts. After a little adding and substracting I figured that one promotion cost me $2,000.00.

Next think I know I'm sitting on a borrowed 750cc Honda, while sitting there on the bike, in a half crouched position, motor revved up to near suicidal numbers on the tacometer, and watching the lights come down on the Christmas tree looking up the ¼ mile drag strip I felt this was where I should have been all the time. Even after the guy I was racing almost blew my spokes out when he passed me I still knew this was the place for me. So here I am.)

Jay now has a pretty good record with Drag Racing. Just to mention a few, he was class winner in the National Record Championship Race held at Beech Bend INTL. Raceway in Bowling Green Kentucky. He set a National record E/Stock class Marland INTL. Raceway. He is 1974 Points Champion at New London Drag Strip, and well underway for the title in 1975 by winning the first meet of the year held earlier this month.

Jay says its relatively inexpensive to get into Drag Racing, all you need is a bike most any size or brand will do. Take it to a Drag Srip such as New London where they have a class for almost any bike and start racing.

Members of the Appomattox County Education Association have formed a political action arm dedicated to the election of local candidates who demonstrate a strong position in favor of public education. The group has chosen the name Appomattox Political Action Committee for Education (A-PACE). It becomes the second such group in Central Virginia. The Campbell Political Action Committee for Education was formed earlier this spring.

A-PACE is open to any person actively engaged in education in Appomattox County. A-PACE will operate strictly upon the candidate's stand on educational issues, without regard to party affiliation.

In the organizational meeting of A-PACE, Patsy Butler was elected interim Chairperson. Pam White and Joyce Jamerson were elected for interim terms as Secretary and Treasurer respectively. Permanent officers will be elected later.

The group also set its membership requirements as either a donation of $2.00 or two hours of campaign work. A membership recruitment campaign is planned for the spring.

Both the Campbell and Appomattox groups are receiving training from the Virginia Education Association and Central Virginia UniServ in organizing volunteers, financing, planning, researching, and publicizing a campaign.
